1. On May 8, 1952, [REDACTED], as chairman of the 10/5 Panel, presented to the Board a briefing on some NSC 10/5 problems. [REDACTED] pointed out that a study of the "Packet" convinced the members of the Panel that many of the "Magnitude"-type issues still demanded clarification and that serious Board consideration was essential. He added, however, that the Panel was of the opinion that Board consideration of such issues need not delay its approval in principle, of much, perhaps all, of the "Packet".] The Panel has given further consideration to the advisability of interim approval of the "Packet" and now is submitting to the Board its recommendations for such an approval.
